

SISTER

She in Science, Technology & Research

The [DAAD](#) (German Academic Exchange Service) supports our new project of the 2nd phase of the PROFIS programme by the end of September 2008, so that we – the [Faculty of Languages](#) of the [University of Applied Sciences Zittau/Görlitz](#) – are able to offer our partners abroad the following course:

objective:	online preparatory course → preparation in both language and subject for <u>young women</u> abroad who want to study technology or natural science and do first the focus course technology in the <u>Preparatory College</u> at the University of Applied Sciences Zittau/Görlitz
target audience:	<u>female</u> pupils (final year) and <u>female</u> students from all departments with <u>interest in a full-time study in technology/natural sciences</u> in Germany/at the University of Applied Sciences Zittau/Görlitz; young women with the "German university admission" (deutsche Hochschulzugangsberechtigung), who want to prepare for the studies in both language and subject (he, who is interested in a course to prepare for an exchange semester or a stage, please see our programme PROFIS at our faculty!)
requirements:	<u>minimum 250 hours</u> previous knowledge in German; <u>regular access to a computer with internet</u> and the possibility to communicate via messengers like Skype, MSN or ICQ
content:	altogether <u>300 hours</u> (workload); 3 units in the fields of mathematics, physics and computer sciences
duration:	whole course: summer term 2008; <u>February</u> : checking previous knowledge by a grading test, <u>March – May</u> 3 special language units
mentoring:	<u>student tutors</u> of our university via internet; working language(s): German in combination with English or Polish or Czech; tutors and/or German teachers on site
exams:	monitoring of learning process (tests after each unit (3)); completion of the course: <u>examination and evaluation at your university</u>
credits:	analogous to the workload according to the ECTS: <u>10</u> or its equivalent, in case your university credits the course
options:	successful final exam means a <u>direct entry</u> in a focus course technology in the Preparatory College
costs:	for the course and the final examination: <u>none</u>
registration:	<u>obligatory</u> registration, see contact (application form on http://sister.hs-zigr.de/)
